FRAME REFUSES TO SURRENDER

CLAIMS HE WAS LEGALLY CONFIRMED—GOVERNOR TAKES SAME VIEW.

Oklahoma City, Jan. 9.—Chairman Lon M. Frame of the state board of affairs Wednesday morning refused to concede that he was unconfirmed by the senate in its vote of 21 to 19 Tuesday evening, but on the other hand claimed that he had been confirmed by the legal majority of the members of the senate present and voting on the matter. Frame declared that he would stay on the job, that the senate had confirmed him and that he was advised in his position by an attorney and the advice concurred in by Governor Cruce, with whom a conference was held Wednesday morning.

Asked about the matter Wednesday Governor Cruce said that he did not care to make any statement just now, but referred to the Bunn constitution Sections 100 and 107, in defining the position taken by Frame.

Section 100 of the Bunn constitution says that a majority of a quorum of either house of the legislature may meet and transact business. The nature of the business the quorum may do is not defined. It is specifically stated, however, in Section 107, that a constitutional majority of the membership of either house is required in the final adoption or passage of a legislative enactment. The distinction claimed is that on all other matters except the final action on a legislative act, only a majority of a quorum of the members present and participating is required. If this be the final decision, then Frame was confirmed.

It is not known whether or not the supreme court will be called on to determine the point. Whether it is a court matter no one says. But in any event Mr. Frame proposes to stay on the job as chairman of the board of affairs.

Senator Thomas, chairman of the special investigating committee, Tuesday

day evening took the position that the constitutional majority of the membership was necessary in passing on an appointment. It seemed to be the opinion of the members that he was correct and President Kendrick held following the vote that Frame was unconfirmed because of a lack of the required majority. The ruling of the chair, however, was in accordance with the understanding that the position taken by Senator Thomas was correct.

EXPANDING DRIED APPLES BURSTS OPEN FREIGHT CAR

Queenstown, Kan., Jan. 9.—A box car with dislocated roof and bulging sides standing on the sidetrack of the Santa Fe here tells the story of a strange fire late Friday afternoon.

A freight train pulled into this station with smoke issuing from the sides of the car. The engineer immediately uncoupled the car and whistled for the town fire department.

While the volunteer department was extinguishing the flames a crack was heard and the firemen looked up only to see the roof of the car spring into the air. To their amazement the fire fighters saw the sides of the car bulge and creak and the end doors fly out on the tracks.

Upon investigation it was found that the car was filled with dried apples. The water from the fire hose coming in contact with the dried fruit caused it to swell and the car was ruined.

Texas as a Corn-Growing State.

Greenville, Tex., Jan. 9.—That Texas is able to grow corn as well as cotton is strikingly evidenced by the large number and high class of the exhibits at the seventh annual show which was opened here today by the Texas Corn Growers' Association. More counties are represented in the display than at any of the previous shows given by the association. The show will continue through the remainder of the week. In connection there will be daily sessions of the corn growers, with lectures and addresses by noted agricultural experts.

SOLONS HAVE A HOT TIME

CRAWFORD-MAXEY COMBINATION
WIN IMPORTANT POINT BY
CLOSE MARGIN.

Oklahoma City, Jan. 9.—A stormy and brilliant contest over a resolution which proposed to take the power to name the standing committees from the speaker and vest it in a committee on committees, to be selected by the house, occupied the second day of the session of the house of representatives.

The resolution was defeated by the narrow margin of one vote, the totals standing 48 to 47, and the reconsideration of the measure was blocked only after some lively and strenuous parliamentary work in which the sergeant-at-arms had to take a little hand.

The resolution was drafted by H. H. Smith of Shawnee, and was supported almost solidly by the legislators who had made up the Williams-Smith speakership forces, and also by 15 out of the 19 republican minority.

The champions of the resolution made it a parallel, on a state scale, with the resolution in the house of congress, under which the power to name committees, and consequently throttle legislation, was stripped from Speaker Joe Cannon and given to the congressional committee on committees.

The opponents of the resolution, who included almost every man who had voted for Representative Maxey for speaker, and also three republicans, charged that it was drafted in a spirit of disappointed partisanship with no other intention than to wrest from Speaker Maxey the powers which the higher honor justly vested in him.

Between these two extremes there

John P. Crawford shares the floor leadership of the Maxey-Crawford-Durant forces, has a seat immediately in front of the speaker's rostrum, and was recognized when Mr. Maxey faced about. He got the floor and immediately moved the other time honored motion, to reconsider and table by which a lost measure is buried for the 60-day session.

Amidst the protests of the other side, the speaker put the question and called for a viva voce vote.

By this time a score of the Smith-Williams men were on their feet. Mr. Williams jammed his way through them down the aisle toward the speaker: "I am not going to stand for any strong arm methods like that," he shouted, and in the confusion the rest of his words were lost.

Speaker Maxey leaned over the rostrum rather angry himself. "Roy, you must not talk that way to me," he said "I won't stand it. Don't say something here that you will regret when you are cooler."

A diversion was needed, and happened. Just at this point, Mr. Emanuel of Murray county, speaker pro tempore and right hand man to the speaker, took offense at something said by Dr. Riddle, representative from Grady county, who sits several rows behind him, and started to go over the seats to get closer.

Sergeant-at-arms Carter and Assistant Sergeant-at-arms Tuttle already were busy, and lost no time in getting toward the scene of impending trouble. The legislators in the immediate neighborhood of the two irate gentlemen also took a hand in keeping them apart and in an instant, as if the entire body realized that things were being carried rather too far, the noise ceased, the members went back to their seats and the proceedings went on with little more sensation.

The speaker stated that he would make it an invariable rule both then and in the future, never to recognize a member who changed his vote with the express purpose of getting a parliamentary advantage over the other side.

The Durant motion to reconsider and table then was put and on roll call, carried 51 to 44, the Maxey-Crawford-Durant forces gaining three votes over the first roll call.

HOOSIER

CLUB PLAN
\$1.00 A WEEK

Smith's

raged for five hours a debate, which for force, intelligence and brilliant speeches, has not been surpassed in any assembly in Oklahoma since statehood, and which aroused repeated and frequent vigorous applause, not only from friendly hearers, but from opponents as well.

If the ninety-eight floor members of the house had entered a general hoax or conspiracy to make the speaker show his mettle, they could not have succeeded any better than did the parliamentary battle over the resolution. There were several occasions for sharp and forcible rulings, and when Mr. Maxey refused to recognize J. Roy Williams, who desired to lodge a motion to reconsider the vote by which the resolution had been indefinitely postponed, the latter began to haze the speaker in earnest.

As soon as a roll call on the motion to indefinitely postpone was ended, and before the vote was announced, Mr. Williams had seen that the resolution was lost. He jumped to his feet and changed his vote to "aye," the time honored maneuver by which a friend of the measure puts himself into position to move its reconsideration when defeated. The rule of the house is that the losing side cannot move such reconsideration. He then remained standing, waiting for the vote to be announced, to be first to catch the eye of the speaker.

Speaker Maxey understood the maneuver, turned his chair and looked out the east window until the clerk announced the vote, 48 aye, 47 no.

A dozen members were instantly on their feet clamoring for recognition: Mr. Williams came down the aisle, saying, "Mr. Speaker, Mr. Speaker." Mr. Durant of Durant, who with

ADRIANOPE MAY FALL ANY DAY

London, Jan. 9.—The captulation of Adrianople will, in the opinion of the Balkan plenipotentiaries, take place within a few days, either directly to the besieging forces or through European pressure. Pending some fresh development, the Balkan delegates are keeping in closest touch with the Ambassadors because they are aware that some of the questions they have most at heart depend almost entirely on the will of the Powers.

Meanwhile the Ambassadorial conference is doing little, hoping that the Adrianople difficulty will solve itself in some manner and thus make interference by the Powers unnecessary. Moreover, the action of the Ambassadors is hampered by the previous agreement that they must be unanimous in any decision requiring active interference.

Should the fall of Adrianople still be delayed, now that the conference is suspended, it might become imperative for Europe to intervene; otherwise, Europe would lose the prestige entitling her to dictate her will in smaller matters, such as creating an autonomous Albania and partitioning the Aegean Islands.

McDonald Fined \$100.

El Reno, Ok., Jan. 8.—Alva L. McDonald, chairman of the state committee of the Progressive party of Oklahoma, was today fined \$100 by District Judge John J. Carney for administering the blow that caused the death of E. T. Marsh here Nov. 27.

Judge Carney held that the blow was not even the remote cause of Marsh's death, which was produced by Marsh's skull being fractured when he fell to the pavement after being struck by McDonald.

McDonald was arraigned before a Justice of the Peace on the charge of murder. Judge Carney reduced the charge to manslaughter a few days later, and today fined him \$100 for assault. McDonald paid the fine.

OPPOSITE HARRIS HOTEL

According to the Oregon Idea.

Salem, Ore., Jan. 9.—Although the Oregon Legislature, which will convene here next Monday, will be overwhelmingly Republican, it will be compelled, in compliance with the state law which provides for the direct election of United States senators, to name Harry Lane, a Democrat, as the successor of Jonathan Bourne, Jr., in the United States senate. At the fall election, when the voters registered their preference for the senatorship, Dr. Lane was the Democratic choice and polled more votes than the other candidates, Ben Selling, the Republican nominee, and Jonathan Bourne, Jr., who made an eleventh-hour start in the race as an independent.

Some historic interest attaches to the election of Dr. Lane as United States senator from Oregon, since he

is a grandson of General Joseph Lane, who was Oregon's first territorial governor, one of her first senators and a candidate for vice President of the United States on the Breckenridge ticket in 1860.

Gets Six Years in the Pen.

Pauls Valley, Ok., Jan. 9.—Ab Hall was given six years in the pen yesterday for assaulting and attempting to kill his nephew at a Thanksgiving dinner. The nephew testified on the stand that after he recovered from the knife wounds his uncle, the defendant, gave him \$100 to leave the country; that he did so, but nothing was stipulated in the contract about his return, hence he was on deck as the prosecuting witness.

Any erroneous reflection on the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the Management.

Obituaries and Resolutions of Respect of less than 100 words will be published free. For all matter in excess of 100 words a charge of one cent per word will be made. Count your words and remit with manuscript.

Under its new schedule the Katy proposes to pass Durant upon its limited train. Naturally citizens of that hustling place are indignant at such a slight as having a train rush through without stopping and they are raising Cain with the road.

Frank Munsey, the millionaire publisher and high priest of the Bull Moosers, has wandered back into the Republican fold and will probably not again stray off after the false gods of the Bull Moosers. Teddy probably has some conception of the feelings of Caesar when he beheld his friend, Brutus, among the conspirators. However, his sopor in the temple of the Bull Moose cost Mr. Munsey many thousands of hard cash.

Bills have been introduced to consolidate a number of county offices, thereby effecting a considerable saving to the tax payers. However, the officers who might lose their jobs under such an arrangement have a powerful lobby on the ground and the fight will not be an easy one. The same applies to the township offices, which the governor recommends abolishing altogether.

It begins to look as if the Williams bunch in the legislature has not recovered from its soreness over the defeat of their man and that there will be a bunch of insurgents all the way through the session. Fortunately, however, the Republicans are so few that it will require hard work to scare up enough Democrats to get a majority over the organization.

TASTE, SMELL AND HEARING RESTORED

A Simple, Harmless Remedy Quickly Relieves Catarrhal Deafness.

The thousands who suffer the miseries of colds and catarrh and claim they have never found a cure can get instant relief by simply anointing the nostrils with Ely's Cream Balm. Unlike internal medicines which upset the stomach, or strong snuffs which only aggravate the trouble, this cleansing, healing, antiseptic Balm instantly reaches the seat of the trouble, stops the nasty discharge, clears the nose, head and throat, and brings back the sense of taste, smell and improves the sense of hearing. More than this, it strengthens the weakened and diseased tissues, thus protecting you against a return of the trouble. This remedy will cure a cold in a day, and prevent its becoming chronic or resulting in catarrh.

Nasal catarrh is an inflammation of the membrane lining the passages, and cannot be reached by mixtures taken into the stomach, nor can it be cured by snuffs and powders which only cause additional irritation. Don't waste time on them. Get a 50-cent bottle of Ely's Cream Balm from your druggist, and after using it for a day you will wish you had tried it sooner.

Mothers should give the children Ely's Cream Balm for colds and croup. It is perfectly harmless, and pleasant to take. Agents, Gwin & Mays Drug Co., Ada, Okla.—adv.

J. E. Jones, who has accepted a position on the road for the American Soda Fountain Co. of Boston, left this morning on a trip to Holdenville and possibly other points in the interest of his company.

The Store That Sells Good Goods

Stockmen to Discuss Conditions.
Phoenix, Ariz., Jan. 9.—The present condition and future outlook of the stock raising industry, and incidentally some of the principal reasons for the existing high price of meat, are to be discussed here next week at a notable conference of farmers and cattle raisers representing the West and Southwest. The gathering is to be held under the auspices of the American National Live Stock Association. In the official call for the conference the association points to the situation as being acute because of the fact that there is less live stock per capita in the country than ever before, and that on account of the limited supply of such stock there will undoubtedly be an attempt by the next Congress to place all the products of the farmer and stockman on the free list. Action will be urged by the conference for securing the enactment of national laws that will give the use of the grazing lands of the public domain to cattle raisers on equitable terms.

All winter goods must be closed out during January. Buy them during the cold snap. Prices will be no object at the Grand Leader. 234-31

TO PUBLIC SCHOOL PATRONS

The second term of the public school year opens Jan. 20th, those having children who will be six years old within the next 10 weeks should arrange for them to enter at the beginning of the term. Children who have never been to school or who cannot classify with classes in the first grade already started will not be admitted after two weeks of the beginning of each term. Some of the parents are violating the compulsory school law and these will be given notice of same in the near future. All who enter by the 20th will not be given notice of such violation. Children who are irregular in attendance do not receive much benefit from the schools and we hope to start the second term with all children of school age in attendance that we may give the best service to all the people.

Big Bank Merger!

The following self-explanatory letters from the heads of the Ada National Bank and the First National Bank will give you in a nutshell the liberal policy and purpose of the First National Bank of Ada since the merging of these two institutions. Also read our splendid statement.

TOM HOPE, Pres. M. C. COPELAND, Vice Pres. ORVILLE SNEAD, Cashier

THE ADA NATIONAL BANK

CAPITAL \$50,000

ADA, OKLAHOMA

Dec. 31, 1912.

TO OUR OLD CUSTOMERS AND FRIENDS:

Dear Sir:

The Ada National Bank on the 28th day of December merged its interests with The First National Bank of Ada and we take pleasure in being able to offer to our friends and customers the added facilities which this combination will enable The First National Bank to extend to our former patrons as well as all others entitled to liberal banking favors.

All of the benefits and advantages to be derived from a business connection with one of the strongest banks in the State are now at the command of our old patrons and friends, and we commend them to this strong and progressive bank in the fullest confidence that their patronage will be duly appreciated and requited by the most satisfactory treatment.

Yours very truly,

TOM HOPE, President.

ORVILLE SNEAD, Cashier.

THE FIRST NATIONAL BANK OF ADA

P. A. NORRIS, President

H. T. DOUGLAS, Vice President

A. G. ADAMS, Vice Pres. & Cashier

E. S. HARAWAY, Asst. Cashier

CAPITAL AND SURPLUS \$60,000.00

ADA, OKLAHOMA

TO THE FORMER CUSTOMERS AND FRIENDS OF THE ADA NATIONAL BANK:

Dear Sir:

Referring to the foregoing announcement of the officers of the Ada National Bank, we beg to say that it will be our purpose to give you as customers of this bank such service as Mr. Hope and Mr. Snead would have you believe you will receive.

The accompanying statement shows that the combined resources of the two banks, should enable us to offer you every facility your business requires and your account warrants. All we ask is an opportunity to serve you.

It has been the policy of this bank in the past to lend money to its customers, every business day in the year, at reasonable rates of interest, when satisfactory security was offered. We attribute the remarkable growth and success of our business to this practice and we propose to continue it.

The books, papers and records of the Ada National Bank have been transferred to our office, and you will find some officer of that institution with us at all times, whose pleasure it will be, as well as ours, to wait upon you.

Yours truly,

P. A. NORRIS, President.

A. G. ADAMS, V. Pres. and Cash.

EPTING TRIAL MAKES HEADWAY

Memphis, Tex., Jan. 8.—Eight veniremen were examined and one juror was procured today for the trial of Beorch B. Epting, charged by indictment with murder and accomplice to murder Albert G. Boyce, Jr., at Amarillo Sept. 14, 1912.

Trial of the case was formally commenced at 2:30 o'clock this afternoon after the forepart of the day had been spent by counsel for defense in a fruitless attempt to obtain a continuance. The motion filed yesterday to continue on the grounds of the absence of Mrs. Rogers of Dallas, a material witness for defense, was overruled early this morning when D. W. Odell for the state informed the court that he had received positive assurances that Mrs. Rogers would be here by Monday.

Defense next filed a lengthy motion to quash the indictment alleging it to be insufficient in presenting any offense and also vague and uncertain in its allegations. This motion was overruled.

The defense followed with a motion to quash the venire on the grounds that it was not drawn in compliance with the new jury law. It was admitted as a fact that of the 108 veniremen only seventy-two had been drawn by the jury commissioners in accordance with the statute. Court recessed for the state's attorneys to prepare their argument and when it reconvened argument of some length was made by both sides. Immediately after the noon recess Judge Nabers overruled this motion.

OK. CEMENT CO'S SILO A SUCCESS

It has been rumored several times lately that the big concrete silo erected at the Lawrence quarry was a failure and that the feed stored in it was spoiled. Although the stock ate it with a relish that did not indicate that it was spoiled, the OK people decided to settle the question once for all and forwarded samples to two government experts who pronounced the feed fine. Following are the letters received a few days ago from these experts:

Your letter with report and sample of silage received.

A few inches on the top of a silo always spoils. The more loosely it is packed the more of the top will spoil. That is the reason why about three or four inches of silage should be fed each day. If this is not done some of the top is always spoiling.

So far as the O. K. Cement Co's silage is concerned if the stock eat it and thrive on it, I would say it is alright.

P. S. Our cow says that sample of silage was alright.

I find your of January 2nd, also the can of Ensilage. While this can had been received and open on arrival but the cover put back on the can it appears to be in the most perfect condition. I not from the size of some particulars that the cutter had not been adjusted to cut in short enough pieces. As the shorter the joints of stalk the tighter the ensilage settles or packed and the better it keeps.

As pork and beef are the problems of the day, the ensilage through the silo are the only solutions. And from an economic standpoint of durability where material is so abundant as in Eastern Oklahoma, the concrete silo, it would appear are only to be considered.

This Date in History.

- 1793—Gen. Washington and other notables witnessed a balloon ascension in Philadelphia, the first in the United States.
- 1806—Public funeral of Lord Nelson in London.
- 1814—New Orleans militia called out to suppress a negro insurrection.
- 1849—Large party of gold seekers sailed from Boston for California on the ship "Edward Everett."

RHEUMATISM URIC ACID CAUSES IT—S.S.S. CURES IT

Every variety of Rheumatism is caused by an excess of uric acid in the blood; the different forms of the disease depending on whether this uric acid settles in the nerves, muscles or joints. In Sciatica it is the nerves which are attacked, the muscular form shows the muscles to be the seat of trouble, while manifestations of articular Rheumatism are evidence that the joints are being diseased. To cure Rheumatism the uric acid must be removed from the blood; the circulation must be made pure. This cannot be accomplished with external applications; such treatment may furnish temporary relief from the pain, but it does not reach the producing cause. S. S. S. cures Rheumatism of every variety and form because it purifies the blood. It goes down into the circulation, neutralizes the acids and dissolves the irritating deposits which are pressing on the sensitive nerves and tissues, and producing pain. Whether your case of Rheumatism be acute or chronic S. S. S. is the medicine you need; it will cure you and at the same time build up the entire system by its fine vegetable tonic effects. Book on Rheumatism and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Progressive Legislature in Iowa.

Des Moines, Ia., Jan. 9.—Numerous measures of a progressive character are to be considered and acted upon by the thirty-fifth general assembly of Iowa, which will convene here Monday. Governor Clarke is expected to endorse woman suffrage in his message and the supporters of the movement believe that the subject will receive the favorable consideration of the lawmakers. The Oregon plan of electing United States senators is another progressive measure that will be introduced early in the session. Tax reform, presidential preference primaries, short ballot reforms, working men's compensation, and a nine-hour day for women workers are other matters scheduled for attention. The first important business of the legislature after completing its organization will be the re-election of William S. Kenyon as United States senator.

New Governor in North Dakota.

Bismarck, N. D., Jan. 9.—Republicans of North Dakota rallied here in force today for the inauguration of Governor B. Hanna and the other Republicans elected to state office last November. The new governor is well known in public life, having been a member of both branches of the North Dakota legislature, chairman of the Republican State committee for six years and a representative in congress since 1909. He succeeds John Burke, Democrat, who has served three terms as governor and is now prominently mentioned among the possibilities for the Wilson cabinet.
